**Movement & Motion** – This program examines the relationship of science and the game of professional football. Straight line movement, zig-zags, circular motion, back & forth, pushing & pulling - all movements that influence the sport. This 50-minute program, which is designed to be highly interactive, is supplemented by a lesson aligned with Common Core/National Standards of Education and is recommended for **grades 1-5**.

**Careers in the NFL** – This program examines the importance of education and the hundreds of careers available in and around the National Football League. A 10-minute career video, which examines a wide variety of careers with the San Francisco 49ers organization, is shown during this session. The 50-minute program, which is designed to be highly interactive, is supplemented by a lesson aligned with Common Core/National Standards of Education and is recommended for **grades 5-12**.

**What's with NFL Team Nicknames?** – This program examines NFL team histories and how team nicknames were selected and the meaning behind those. Students will learn that not all teams are named from fan polls. Some team nicknames are deeply woven into the history of the communities or the geographic region in which they reside. The 50-minute program, which is designed to be highly interactive, is supplemented by a lesson aligned with Common Core/National Standards of Education and is recommended for **grades 4-12**.
